

HealthyLife

Company Policy Handbook

Version 3.0 - Effective 1 January 2026

Holistic health, fitness & coaching platform. This fictional handbook is sample content for a Retrieval-Augmented Generation (RAG) demo.

1. About This Handbook

This handbook sets out the policies that apply to all HealthyLife employees, contracted coaches and platform members. It is effective from 1 January 2026 and replaces all earlier versions. Questions about any policy should be sent to the People & Compliance team at policy@healthylife.example.

Where local law gives stronger rights than this handbook, local law applies. Policies are reviewed every twelve months by the Policy Committee, which is chaired by the Chief Operating Officer.

2. Code of Conduct

All staff and coaches must treat members, colleagues and partners with respect. Harassment, discrimination and body-shaming language are prohibited in every channel, including in-app chat, video sessions and social media.

Coaches must not give medical diagnoses or prescribe medication. Where a member reports chest pain, fainting, disordered eating or thoughts of self-harm, the coach must pause the program and refer the member to a licensed healthcare professional the same day, and log the referral in the Coach Dashboard.

Gifts from members worth more than USD 50 must be declined or reported to a manager within 5 working days.

3. Coach Certification and Onboarding

Every HealthyLife coach must hold at least one accredited certification (NASM-CPT, ACE, ACSM, ISSA or an equivalent approved by the Head of Coaching) and a valid CPR/AED certificate. Certificates must be uploaded before the first session and renewed before they expire; coaches with an expired certificate are automatically hidden from search.

New coaches complete a 3-week onboarding program: week 1 covers platform tools and safeguarding, week 2 covers program design standards, and week 3 is a supervised trial with five real members. A coach may carry a maximum of 40 active one-to-one clients at any time.

Nutrition coaching beyond general healthy-eating guidance may only be delivered by coaches who are registered dietitians or hold a recognised nutrition qualification.

4. Membership Plans and Billing

HealthyLife offers three membership plans, billed in advance:

Plan	Monthly price	Includes
Basic	USD 19	Workout library, habit tracker, community forum
Pro	USD 49	Basic + personalised plan, 2 live coach sessions/month
Elite	USD 99	Pro + weekly 1:1 coaching, nutrition plan, priority support

Annual plans receive a 20% discount compared with twelve monthly payments. Prices exclude local taxes. Members can upgrade at any time; the price difference is prorated to the next billing date. Downgrades take effect at the start of the next billing cycle.

5. Cancellation and Refund Policy

Members may cancel at any time from Settings > Membership. Monthly plans stop renewing at the end of the current billing period; no partial-month refunds are given.

New members are covered by a 14-day money-back guarantee: a full refund is issued if the member cancels within 14 days of their first payment, provided they have attended no more than two live coaching sessions.

Annual plans cancelled after the 14-day window are refunded pro rata for the unused full months, minus a USD 25 administration fee. Refunds are returned to the original payment method within 7-10 business days.

Medical freeze: a member with a documented injury or illness may freeze their membership for up to 3 months per year at no cost. A doctor's note must be uploaded within 10 days of the freeze request.

6. Session Booking, Late Cancellation and No-Shows

Live sessions can be booked up to 30 days in advance. Members may reschedule or cancel free of charge up to 24 hours before the session start time.

Cancellations made less than 24 hours before a session count as a late cancellation and the session credit is forfeited. Two no-shows within a 30-day period result in a 7-day booking suspension.

If a coach cancels with less than 24 hours' notice, the member receives the session credit back plus one bonus session credit. Coaches who late-cancel more than three times in a quarter are reviewed by the Head of Coaching.

7. Health Data and Privacy

HealthyLife processes health data (weight, heart rate, sleep, injuries, meal logs) only with the member's explicit consent and only to deliver and improve their coaching program. Health data is never sold or used for advertising.

Data is encrypted in transit (TLS 1.2+) and at rest (AES-256). Coaches can see data only for their assigned members. Access to raw health data by engineering staff requires a ticket approved by the Data Protection Officer.

Health data of closed accounts is deleted within 30 days of account closure. Anonymised, aggregated statistics may be kept for up to 24 months for service improvement. Members can export or delete their data at any time from Settings > Privacy, and deletion requests are completed within 30 days.

Any suspected data breach must be reported to security@healthylife.example within 1 hour of discovery. The Data Protection Officer notifies affected members and regulators within 72 hours where required by law.

8. Workplace Safety and Injury Reporting

Coaches running in-person or studio sessions must complete a pre-exercise screening questionnaire (PAR-Q+) with each new member before the first session.

Any injury that happens during a HealthyLife session, in person or online, must be reported through the Incident Form within 24 hours. Serious injuries requiring emergency care must also be reported to the coach's manager by phone immediately.

Studios must keep a stocked first-aid kit and an AED on site, checked monthly by the studio lead.

9. Employee Benefits and Wellness

Full-time employees receive 22 days of paid annual leave plus public holidays, and up to 10 days of paid sick leave per year. Unused annual leave of up to 5 days may be carried into the next year and must be used by 31 March.

Every employee receives a free Elite membership and a wellness stipend of USD 75 per month, which may be spent on gym fees, sports equipment, massage or mental-health apps. Receipts must be submitted by the 5th of the following month.

Parental leave is 16 weeks at full pay for the primary caregiver and 6 weeks at full pay for the secondary caregiver.

10. Remote Work and Working Hours

HealthyLife is remote-first. Employees may work from any country where HealthyLife has a legal entity for up to 60 days per year outside their home country, with manager approval.

Core collaboration hours are 10:00-15:00 in the employee's team time zone. Employees are expected to reply to internal messages within one working day. A home-office allowance of USD 500 is paid once, on joining.

11. Complaints and Escalation

Members can raise a complaint through in-app support. Support acknowledges complaints within 24 hours and aims to resolve them within 5 business days. Unresolved complaints are escalated to the Member Experience Lead.

Employees can raise concerns confidentially through the whistleblowing channel at speakup@healthylife.example. Retaliation against anyone who raises a concern in good faith is a disciplinary offence.
